Christina,

This is a bit of a follow-on to my email from Tuesday (attached). We are in the final stages of having a signed MTA to do AltEn related research with Univ. Nebraska-Lincoln and don't want to surprise R7, NDEE, or the ORD IOAA with either the fact that we're working together or any presentations/publications that result. We'd appreciate your guidance on how to approach communications, most immediately once the MTA is signed. Trying to be as proactive as we can be!
